

## DATA ERRORS

The following is a description of known errors in the PSID release files.

### TELEPHONE HEALTH QUESTIONNAIRE SUPPLEMENT FILE

#### **Improbable values for a few cases**

**YEARS:** 1990

**VARIABLES:** Health expenditures:

V414 A226 AMT PAY FOR VISITS  
V503 A293 AMT PAY MEDS-HEAD  
V541 A363 AMT PAY HOME CARE-H  
V822 B39 AMT PAY FOR HOSP DRS  
V1203 B293 AMT PAY MEDS-W/"W"

**DESCRIPTION:** Wildly improbable values of \$5,000,000 for a few cases have been discovered for five variables in this data set. We suggest you re-code these values to missing data for analysis. We do not plan to reissue the file. These errors occur in the 1990 Telephone Health Questionnaire Supplement file on the Internet issued in March 1995 and the version on the CD-ROM issued December 1995.
