\*\*Because of the small level of precision of Block-Group and Block Level data, researchers must provide an explicit and detailed justification for exactly how and why the research will benefit from having the these data. Your Research Plan must include the data to which the PSID Block Group or Block level data will be merged.

\*\*\* Because of the level of precision of enumeration districts, researcher must provide an explicit and detailed justification for exactly how and why the research will benefit from having access to these data. Your Research Plan must include a description of the data that you will merge to the enumeration district.
